

Best Exhibition Stand

Water New Zealand

Innovative products and suppliers are vital to the success of any industry. Equally important is effective communication of the technical advances made by suppliers, to users. The Conference Expo assists in meeting this need. The Best Exhibition Award was set up in 2002 to recognise excellence on the part of the proprietors of the best exhibition stands at the Annual Conference.

From 2013 there will be two categories for the Best Stand. These are: Best Single Stand and Best Multiple Stand, with a runner up in each category.

Visual appeal and best use of space are taken into account when choosing a winner.

The winners and runners-up are chosen by staff of Water New Zealand and Avenues Event Management.

The Best Stand presentation will be held during morning tea on the last day of the Conference.

Prize

First prize in each category receives a free stand at next annual conference plus a framed certificate. The winner/s get to choose their stand prior to the expo sales going live.

The two runners-up receive a framed certificate.
