

## **Stormwater Conference - Paper of the Year**

This award is to recognise the contribution that individuals and collaborative partners play in the stormwater industry. There will be a shortlist of 3-4 papers selected by the paper reviewers for this coming conference with the final review being undertaken by independent industry leaders.

The key attributes that will be reviewed for the short listed papers are as follows:

- Scored in relation to :
  - Presentation and professional standard
  - Contribution to the industry with respect to innovation, technical complexity
- Papers to be prepared in accordance with the submission requirements

The winner will be announced at the Stormwater conference dinner on Thursday 24<sup>th</sup> May in Queenstown.
