Opportunity for two young water professionals to attend the Water New Zealand Annual Conference and Expo – 18-20 September, Hamilton

Water New Zealand's Annual Conference and Expo is the biggest event on the water sector calendar and is a must-attend for many water sector leaders and professionals. This year we're providing an opportunity for two YWPs to come to the conference and become better informed, motivated and networked.

If you'd like to take this opportunity to broaden your knowledge of the water environment, find out about latest developments in management and engineering and meet others involved in all sectors of the water industry, go to our website for more information and to see if you are eligible for one of these prizes.
