

Keynote Speaker – Belinda Storey

Belinda is co-founder of Climate Acuity, a start-up developing tools to quantitatively price climate risk under TCFD (Task Force on Climate-related Financial Disclosures). She is also managing director of Climate Sigma, and *Whakahura: Extreme Events and the Emergence of Climate Change*, a five year, 10 million research programme funded by MBIE. In December 2020, she published research funded by the *Deep South National Science Challenge* on insurance retreat along New Zealand's coastline.
