I see this

New water supplies had
to be found

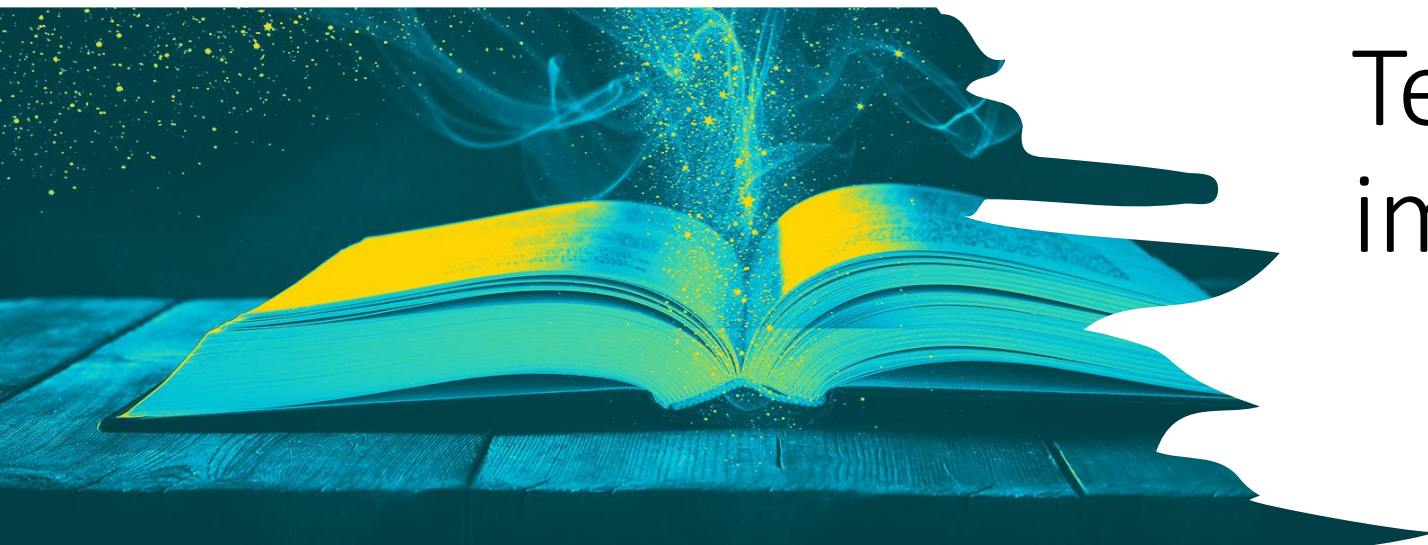

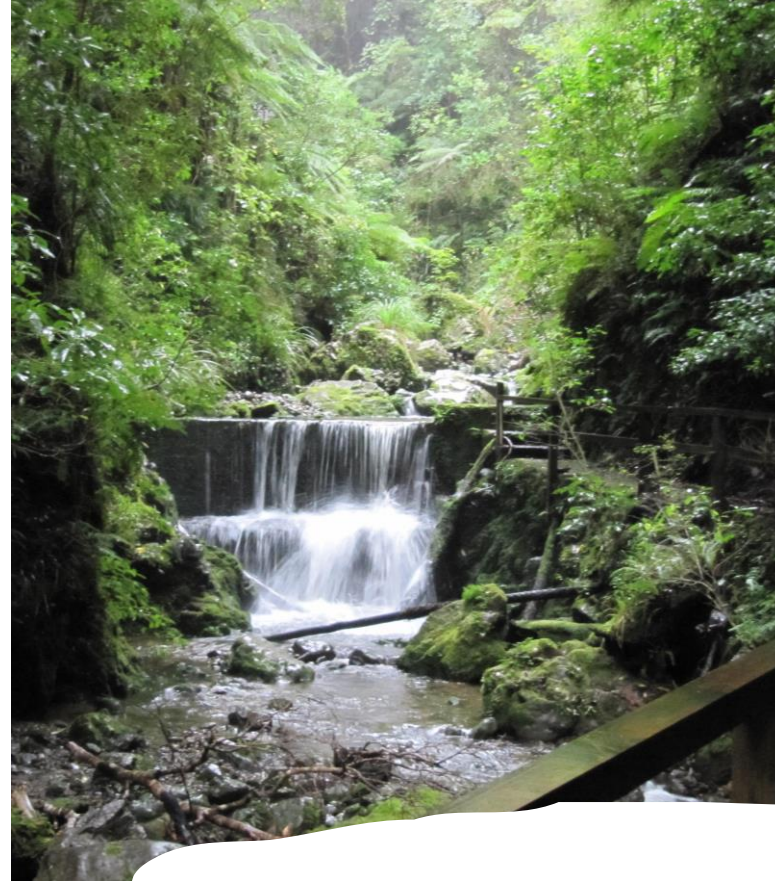

Why Am I Worried?

Change won't stop
Our water industry
community must stay
together

Telling the story is
important

Latest Annual Compliance for a Supply

If the city you want is shown, click on its name.
Otherwise, click an area on the map and choose
from the supplies for that district.

New Zealand Drinking-Water Supplies by Local Authority District

GETTING TO THE DETAIL

There is a lot to do but there is no point in just talking. I would like to start work on a project that is more likely to get finished if I can get support from water supply colleagues across New Zealand.

CAN YOU HELP?
