

Water New Zealand's Modelling SIG - Tauranga Regional Meeting

The Water NZ Modelling SIG invites interested parties to attend an informal get together. Come along for a presentation preceded by light refreshments, followed by discussions whilst meeting other professionals with common interests.

Presentation: *The role of flood models in delivering flood risk reduction – a practical experience*

The Tauranga City Council is delivering a city-wide integrated stormwater programme with a view to prioritisation of flood mitigation works to deliver on required or desired levels of service. Part of this programme involves development of a standardised set of stormwater models that cover the whole city along with taking a risk based approach to future flood management.

Presenters: *Campbell Larking – Senior Policy Planner, Tauranga City Council*
Mark Pennington – Water Resource Engineer, Tonkin and Taylor

Venue: Tauranga City Council Offices, 91 Willow Street, Tauranga

Date: Thursday 31st July 2014

Time: 5pm (5.30 Start)

*Please forward to anyone you know who may be interested – all welcome
