Long-term funding projection and Standards programme

Briefing and consultation 2016

Questions and Submission Form

How to provide us with feedback

We need to hear what you think about the proposed Standards programme by no later than **5pm on 24 February 2017**.

This submission form brings together all the questions asked throughout the consultation document, and page references so you can go back and look at the relevant discussion as necessary.

We know there are a few questions – but you don't have to answer them all if you don't want. If you only feel the need to comment on one of two areas of the consultation that are relevant to you, that's OK.

However, please have a particular think about information gaps and research that need to be resolved before a Standard can be developed, because this is relevant to all of the Standards and we need to know if this needs to be done, early on in the programme.

When you're finished, email the completed submission form to:

BSP.standardsprogramme@mbie.govt.nz

Or, you can post your submission to:
