

All stakeholders

On-site Wastewater Management Systems (OWMS) workshop

Monday 30 March 2020

9am – 4:30pm

Distinction Coachman Hotel

Palmerston North

Brought to you by:

Small Wastewater and Natural Systems - Special Interest Group (SWANS-SIG)

and

NZ Land Treatment Collective (NZLTC)

Purpose: For stakeholders to identify OWMS issues in New Zealand
(i.e. what's working and what isn't)

Outcomes:

- 1) Document outlining the OWMS issues as identified by each sector
- 2) Create a network of key stakeholders to be involved in future discussions
- 3) Set the agenda for a second workshop in the future to help address some of the issues

Format: Each sector will be invited to identify their OWMS issues for 15 mins followed by a 10 min Q & A

Sector presenters:

- Designers: Andrew Dakers (Eco Eng) and John Cocks (John Cocks Ltd)
- System suppliers: Brent Hawthorn (Innoflow), Mike Dawson (Hynds)
- Installation and maintenance: Craig Rall (Envirolutions)
- Irrigation suppliers: Bruce Richter (Netafim)
- OSET rep: Ray Hedgeland
- Regulators: Keith Peacock (Hawkes Bay Regional Council) Leif Pigott (Tasman District Council)
- Training : To be confirmed
- End user: Peter Carter (DoC)
- Research: Malcolm McLeod (Landcare), Louise Weaver (ESR)
- Public Health: To be confirmed

WaterNZ member: \$60

NZLTC member: \$60

Other: \$120
